Audit Highlights

Annual Financial Report
Coffee County, Tennessee
For the Year Ended June 30, 2010

Scope

We have audited the basic financial statements of Coffee County as of and for the year ended June 30, 2010.

Results

Our report on the aggregate discretely presented component units is qualified because the financial statements do not include a component unit whose financial statements were not available from other auditors at the date of this report. Our report on the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information is unqualified.

Our audit resulted in six findings and recommendations, which we have reviewed with Coffee County management. Detailed findings, recommendations, and management's responses are included in the Single Audit section of this report.

Findings and Best Practices

The following are summaries of the audit findings and best practices:

OFFICE OF COUNTY MAYOR

- ◆ Compensation was paid in-lieu-of insurance benefits to some employees contrary to an opinion of the state attorney general.

OFFICE OF DIRECTOR OF SCHOOLS

- ◆ The School Federal Projects and Other Capital Projects funds required material audit adjustments for proper financial statement presentation.
 - ◆ The Other Capital Projects Fund had a deficit in unreserved fund balance of \$363,773 at June 30, 2010.
 - ◆ Tax anticipation notes were not issued in compliance with state statutes.
 - ◆ The office had deficiencies in computer system backup procedures.
-

OTHER FINDING

- ◆ Duties were not segregated adequately among the officials and employees in the Offices of County Mayor, Director of Schools, Trustee, County Clerk, Clerk and Master, Register, and Sheriff.
-

BEST PRACTICES

The Division of County Audit strongly believes that the items noted below are best practices that should be adopted by the governing body as a means of significantly improving accountability and the quality of services provided to the citizens of Coffee County.

- Coffee County should adopt a central system of accounting and budgeting.
- Coffee County should establish an Audit Committee.

INDEPENDENT AUDITOR'S REPORT

March 2, 2011

Coffee County Mayor and
Board of County Commissioners
Coffee County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Coffee County, Tennessee, as of and for the year ended June 30, 2010, which collectively comprise Coffee County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Coffee County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Public Library Fund, a special revenue fund, which represent 2.6 percent and 3.8 percent, respectively, of the assets and revenues of the aggregate remaining fund information as of June 30, 2010. Also, we did not audit the financial statements of the Coffee County Emergency Communications District, which represent 3.7 percent and 1.2 percent, respectively, of the assets and revenues of the aggregate discretely presented component units, and the Industrial Board of Coffee County, which represent 4.8 percent and .6 percent, respectively, of the assets and revenues of the aggregate discretely presented component units as of June 30, 2010, and for the year then ended. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Public Library Fund, the Coffee County Emergency Communications District, and the Industrial Board of Coffee County is based on the reports of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the

United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

The financial statements of the Coffee County Public Building Authority, a component unit requiring discrete presentation, had not been made available by other auditors as of the date of this report. Accordingly, the aggregate discretely presented component units financial statements referred to above do not include amounts for the Coffee County Public Building Authority, which should be included to conform with accounting principles generally accepted in the United States of America. The effects on the financial statements of the aggregate discretely presented component units are not reasonably determinable.

In our opinion, except for the effects of not including the financial statements of the Coffee County Public Building Authority as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the aggregate discretely presented component units of Coffee County, Tennessee, as of June 30, 2010, and the results of operations of the aggregate discretely presented component units, for the year ended, in conformity with accounting principles generally accepted in the United States of America

Additionally, in our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Coffee County, Tennessee, as of June 30 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated March 2, 2011, on our consideration of Coffee County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

As described in Note V.B., Coffee County has adopted the provisions of Governmental Accounting Standards Board Statement No. 51, Accounting and Financial Reporting for Intangible Assets; and Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, which became effective for the year ended June 30, 2010.

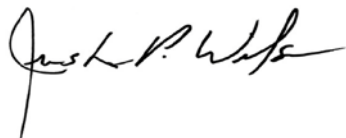

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to

supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison, pension, and other postemployment benefits information on pages 78 through 85 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Coffee County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the Special Debt Service Fund, combining and individual fund financial statements of the Coffee County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the Special Debt Service Fund, combining and individual fund financial statements of the Coffee County School Department (a discretely presented component unit), and the miscellaneous schedules have been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, based on our report, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied by us in the audit of the basic financial statements, and accordingly, we express no opinion on it.

Very truly yours,

A handwritten signature in black ink, appearing to read "Justin P. Wilson", with a stylized, cursive script.

Justin P. Wilson
Comptroller of the Treasury

Exhibit C-2

Coffee County, Tennessee
Reconciliation of the Balance Sheet of Governmental
Funds to the Statement of Net Assets
June 30, 2010

Amounts reported for governmental activities in the statement
of net assets (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit C-1)		\$ 10,641,689
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in in the governmental funds.		
Add: land	\$ 3,426,551	
Add: infrastructure net of accumulated depreciation	7,447,424	
Add: buildings and improvements net of accumulated depreciation	10,947,767	
Add: other capital assets net of accumulated depreciation	<u>2,291,365</u>	24,113,107
(2) Long-term liabilities are not due in the current period and therefore are not reported in the governmental funds.		
Less: notes payable	\$ (109,000)	
Less: other loans payable	(11,840,000)	
Less: bonds payable	(19,386,719)	
Add: deferred amount on refunding	204,499	
Add: deferred charges - debt issuance costs	972,978	
Less: compensated absences payable	(571,419)	
Less: other postemployment benefits liability	(225,470)	
Less: claims and judgments payable	(2,000,000)	
Less: accrued interest on outstanding debt	(301,685)	
Less: other deferred revenue - premium on debt	<u>(161,769)</u>	(33,418,585)
(3) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.		<u>2,473,802</u>
Net assets of governmental activities (Exhibit A)		<u>\$ 3,810,013</u>

Exhibit C-4

Coffee County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2010

Amounts reported for governmental activities in the statement
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$	(547,037)
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:			
Add: capital assets purchased in the current period	\$	838,667	
Less: current year depreciation expense		<u>(1,256,387)</u>	(417,720)
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net assets.			
Less: loss on the disposal of capital assets			(14,514)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported in the governmental funds.			
Add: deferred delinquent property taxes and other deferred June 30, 2010	\$	2,473,802	
Less: deferred delinquent property taxes and other deferred June 30, 2009		<u>(2,657,832)</u>	(184,030)
(4) The issuance of long-term debt (e.g., bonds, other loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:			
Less: bond proceeds	\$	(2,234,866)	
Less: other loan proceeds		(13,116,719)	
Less: change in premium on debt issuances		(25,845)	
Add: change in deferred debt issuance costs		605,759	
Add: principal payments on bonds		1,015,000	
Add: payment to refunding agent		1,500,000	
Add: principal payments on notes		486,467	
Add: principal payments on other loans		805,000	
Less: change in deferred amount on refunding debt		<u>(41,801)</u>	(11,007,005)
(5) Some expenses reported in the statement of activities do not require the uses of current financial resources and therefore are not reported as expenditures in the governmental funds.			
Change in accrued interest payable	\$	(75,811)	
Change in compensated absences payable		(23,590)	
Change in claims and judgments payable		(2,000,000)	
Change in other postemployment benefits liability		<u>(109,003)</u>	(2,208,404)
Change in net assets of governmental activities (Exhibit B)			<u>\$ (14,378,710)</u>

COFFEE COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2010

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Coffee County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Coffee County:

A. Reporting Entity

Coffee County is a public municipal corporation governed by an elected 21-member board. As required by GAAP, these financial statements present Coffee County (the primary government) and its component units. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Coffee County School Department operates the public school system in the county, and the voters of Coffee County elect its board. The School Department is fiscally dependent on the county because it may not issue debt without county approval, and its budget and property tax levy are subject to the County Commission's approval. The School Department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Coffee County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Coffee County, and the Coffee County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the County Commission's approval.

The Industrial Board of Coffee County provides and assists industry in Coffee County, and the Coffee County Commission appoints its board of directors. The board comprises three members each from the City of Tullahoma, the City of Manchester, and from rural areas. The board is primarily funded by appropriations from the county.

The Coffee County Public Building Authority oversees the operations of the conference center, which benefits the citizens of the City of Manchester and Coffee County. The Coffee County Commission appoints the seven-member board of directors, and Coffee County and the City of Manchester share equally in the profits and losses of the conference center. The center is primarily funded by charges assessed for the use of the facility. The financial statements of the Coffee County Public Building Authority were not available from other auditors in time for inclusion in this report.

The Coffee County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the School Department are included in this report as listed in the table of contents. Although required by GAAP, the financial statements of the Coffee County Public Building Authority were not available from other auditors in time for inclusion, as previously mentioned. Complete financial statements of the Coffee County Emergency Communications District, Industrial Board of Coffee County, and Coffee County Public Building Authority can be obtained from their administrative offices at the following addresses:

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Coffee County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Coffee County issues debt for the discretely presented Coffee County School Department. Net debt issues totaling \$13,234,866 were contributed by the county to the School Department during the year ended June 30, 2010.

Separate financial statements are provided for governmental funds, proprietary funds (enterprise), and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and the enterprise fund are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary funds financial statements, except for agency funds, which have no measurement focus. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Coffee County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Coffee County only reports one proprietary fund, an enterprise fund.

Separate financial statements are provided for governmental funds, the proprietary fund, and fiduciary funds. Major individual governmental funds and the enterprise fund are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. Fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Coffee County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the county's debt service funds for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus (except for agency funds, which have no measurement focus) and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Coffee County reports the following major governmental funds:

General Fund – This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Highway/Public Works Fund – This fund accounts for transactions of the county's Highway Department.

Special Debt Service Fund – This fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of school construction and renovation projects to be financed with the first-half of the additional three-fourths cent sales tax approved in 2007.

Education Capital Projects Fund – This fund accounts for debt proceeds issued by Coffee County that are contributed to the Coffee County School Department.

Additionally, Coffee County reports the following fund types:

Enterprise Fund – The Wayside Acres Sewer Fund is used to account for the transactions of the Wayside Acres sewer operation.

Agency Funds – These funds account for amounts collected in an agency capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Coffee County, the city school systems' share of educational revenues, and state grants and other restricted revenues held for the benefit of the Fourteenth Judicial District Drug Task Force. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. They do, however, use the accrual basis of accounting to recognize receivables and payables.

The discretely presented Coffee County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund for the School Department. It is used to account for general operations of the School Department.

Other Capital Projects Fund – This fund is used to account for school building construction and renovations.

Additionally, the Coffee County School Department reports the following fund type:

Special Revenue Funds – These funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their enterprise funds, subject to the same limitations. Coffee County has elected not to follow subsequent private-sector guidance.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated

resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The county has one proprietary fund, an enterprise fund used to account for the transactions of the Wayside Acres sewer operation. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the county's enterprise fund are charges for services.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted revenues first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

For purposes of the Statement of Cash Flows, cash includes cash on deposit with the county trustee.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Coffee County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net assets as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Debt Service Fund. Coffee County and the School Department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit and investments in the State Treasurer's Investment Pool are reported at cost. The State Treasurer's Investment Pool is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Rule 2a7 allows SEC-registered mutual funds to use amortized cost rather than fair value to report net assets to compute share prices if certain conditions are met. State statutes require the state treasurer

to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

All ambulance and property taxes receivables are shown with an allowance for uncollectibles. Ambulance receivables allowance for uncollectibles is based on historical collection data. The allowance for uncollectible property taxes is equal to 1.38 percent of total taxes levied.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as deferred revenue as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet with offsetting deferred revenue to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

3. Inventories

Inventories in governmental funds consist of expendable supplies held for consumption and are valued at the lower of cost or market based on the first-in, first-out method.

4. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental and business-type columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$5,000 (\$10,000 for the discretely presented Coffee County School Department) or more and an estimated useful life of more than three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented School Department are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	10 - 50
Land Improvements	10 - 50
Infrastructure	15 - 40
Other Capital Assets	3 - 20
Library Assets	2 - 40

5. Compensated Absences

The general policy of Coffee County (except for the Highway Department) allows employees to accumulate a limited number of unused vacation days. Unused vacation days that exceed the limit allowed by county policy are transferred to sick days on the employee's anniversary date. These vacation days have no guaranteed payment

attached, and no liability is accrued and recorded in the governmental funds. The general policy of the Highway Department does not allow for the accumulation of vacation days beyond year-end. All vacation pay is accrued when incurred in the government-wide financial statements for the county. A liability for vacation pay is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

County employees (except for the Highway Department) are allowed to accumulate unlimited sick leave days; however, the granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded. Highway Department employees earn sick leave at the rate of one day per month, and unused sick leave is paid to employees each December.

The general policy of the discretely presented Coffee County School Department does not allow for the accumulation of vacation days beyond year-end for professional employees. Support staff is allowed to accumulate unused vacation days. Vacation pay is accrued for support staff when incurred in the government-wide financial statements for the School Department. A liability for vacation pay is reported in the governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements. All professional personnel (teachers) of the School Department are allowed to accumulate unlimited sick leave days. The granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded.

6. Long-term Obligations

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Assets. Debt premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the debt using the straight-line method. Debt issuance costs are reported as deferred charges and amortized over the term of the related debt. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is netted against the new debt and amortized over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not

withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, claims and judgments, and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

7. Net Assets and Fund Equity

In the government-wide financial statements and the proprietary fund in the fund financial statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

On the government-wide Statement of Net Assets (Exhibit A), the account Restricted for Other Purposes for the primary government consists of various restrictions totaling \$277,838, with the primary restrictions being for: (1) alcohol and drug treatment (\$22,735); (2) drug court (\$23,276); (3) computer systems for various offices (\$46,797); and (4) state reappraisal grant funds (\$132,481). For the discretely presented School Department, the account balance in Restricted for Other Purposes of \$216,184 consists primarily of a restriction for the Basic Education Program (\$197,741).

As of June 30, 2010, Coffee County had \$23,571,719 in outstanding debt for capital purposes for the discretely presented Coffee County School Department. This debt is a liability of Coffee County, but the capital assets acquired are reported in the financial statements of the School Department. Therefore, Coffee County has incurred a liability significantly decreasing its unrestricted net assets with no corresponding increase in the county's capital assets.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Assets

Primary Government

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Assets.

Discretely Presented Coffee County School Department

Exhibit J-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Assets.

B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

Primary Government

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net assets of governmental activities reported in the government-wide Statement of Activities.

Discretely Presented Coffee County School Department

Exhibit J-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net assets of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Public Library, Constitutional Officers - Fees, and District Attorney General funds (special revenue funds), which are not budgeted, and the capital projects

funds, which adopt project length budgets. All annual appropriations lapse at fiscal year end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor, County Attorney, etc.). Management may make revisions within major categories, but only the County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary schedule.

B. Fund Deficit

The Other Capital Projects Fund had a deficit in unreserved fund balance of \$363,773 at June 30, 2010. This deficit resulted from the unperformed portions of construction contracts of \$2,319,316 being reserved as encumbrances and from management's failure to recognize contracts payable totaling \$876,661 at June 30, 2010. Funding for these future expenditures is expected to be received from the issuance of debt.

C. Tax Anticipation Notes Were Not Issued in Compliance With State Statutes

During the year, the Other Capital Projects Fund loaned \$215,000 to the General Purpose School Fund to provide temporary operating funds without the approval of the state Comptroller's Office. Section 9-21-801, Tennessee Code Annotated, allows the County Commission to issue tax anticipation notes with the approval of the state Comptroller's Office.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Coffee County and the Coffee County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net assets as Equity in Pooled Cash and Investments. Cash reflected in the fund financial statements represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase

agreements. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

The county had no pooled or nonpooled investments as of June 30, 2010.

B. Capital Assets

Capital assets activity for the year ended June 30, 2010, was as follows:

Primary Government

Governmental Activities:

	Balance 7-1-09	Increases	Decreases	Balance 6-30-10
Capital Assets Not Depreciated:				
Land	\$ 3,430,951	\$ 0	\$ (4,400)	\$ 3,426,551

Depreciation expense was charged to functions of the discretely presented Coffee County School Department as follows:

Governmental Activities:

Instruction	\$ 405,657
Support Services	238,271
Operation of Non-Instructional Services	<u>6,015</u>
Total Depreciation Expense - Governmental Activities	<u><u>\$ 649,943</u></u>

C. Construction Commitments

At June 30, 2010, the discretely presented Coffee County School Department had uncompleted construction contracts of approximately \$2,319,316 for renovations at the elementary schools payable through the Other Capital

Projects Fund. Funding for these future expenditures is expected to be received from other loans.

D. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2010, was as follows:

Due to/from Other Funds:

Receivable Fund	Payable Fund	Amount
Primary Government:		
General	Nonmajor governmental	\$ 23,294
Nonmajor governmental	General	38,799
Discretely Presented School Department:		
Nonmajor governmental	General Purpose School	52

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2010, consisted of the following amounts:

Primary Government

Transfers Out	Transfers In	
	General Fund	Nonmajor Governmental Funds
General Fund	\$ 0	\$ 878,325
Nonmajor governmental funds	38,260	153,572
Total	\$ 38,260	\$ 1,031,897

Discretely Presented Coffee County School Department

	<u>Transfer In</u>
	General
	Purpose
	School
<u>Transfer Out</u>	<u>Fund</u>
Nonmajor governmental funds	\$ 18,685

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

E. Long-term Debt

Primary Government

General Obligation Bonds, Notes, and Other Loans

The county issues general obligation bonds and other loans to provide funds for the acquisition and construction of major capital facilities. In addition, general obligation bonds and other loans have been issued to refund other general obligation bonds and other loans. Capital outlay notes are also issued to fund capital facilities and other capital outlay purchases, such as equipment.

General obligation bonds, capital outlay notes, and other loans are direct obligations and pledge the full faith and credit of the government. General obligation bonds, capital outlay notes, and other loans outstanding were issued for original terms of up to 35 years for bonds, up to six years for notes, and up to 20 years for other loans. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. General obligation bonds included in long-term debt as of June 30, 2010, will be retired from the General Debt Service, Rural Debt Service, Special Debt Service, and Education Debt Service funds. Notes and other loans included in long-term debt will be retired from the General Debt Service and Special Debt Service funds.

General obligation bonds, capital outlay notes, and other loans outstanding as of June 30, 2010, for governmental activities are as follows:

Type	Interest Rate	Original Amount of Issue	Balance 6-30-10
General Obligation Bonds - Refunding	2.56 to 4 %	\$ 10,970,000	\$ 7,770,000
General Obligation Bonds	4.75	11,616,719	11,616,719
Capital Outlay Notes	3.4	654,000	109,000
Other Loans	3.75 to 5	10,455,134	11,840,000
Other Loans - Enterprise Fund	4.125 to 4.325	324,000	310,588

The annual requirements to amortize all general obligation bonds, notes, and other loans outstanding as of June 30, 2010, including interest payments, are presented in the following tables:

Year Ending June 30	Notes		
	Principal	Interest	Total
2011	\$ 109,000	\$ 2,780	\$ 111,780
Total	\$ 109,000	\$ 2,780	\$ 111,780

Year Ending June 30	Other Loans		
	Principal	Interest	Total
2011	\$ 580,000	\$ 515,515	\$ 1,095,515
2012	485,000	490,908	975,908
2013	520,000	471,508	991,508
2014	565,000	450,708	1,015,708
2015	600,000	428,108	1,028,108
2016-2020	4,780,000	1,652,625	6,432,625
2021-2025	3,615,000	661,300	4,276,300
2026	695,000	34,750	729,750
Total	\$ 11,840,000	\$ 4,705,422	\$ 16,545,422

Year Ending June 30	Bonds		
	Principal	Interest	Total
2011	\$ 1,055,000	\$ 1,367,088	\$ 2,422,088
2012	1,095,000	1,474,525	2,569,525
2013	1,125,000	1,430,725	2,555,725
2014	1,160,000	1,388,725	2,548,725
2015	1,200,000	1,345,325	2,545,325
2016-2020	2,135,000	6,241,771	8,376,771
2021-2025	0	6,121,500	6,121,500
2026-2030	0	6,121,500	6,121,500
2031-2035	0	6,121,500	6,121,500
2036-2040	6,675,000	5,972,750	12,647,750
2041-2042	4,941,719	1,662,344	6,604,063
Total	\$ 19,386,719	\$ 39,247,753	\$ 58,634,472

There is \$4,623,273 available in the debt service funds to service long-term debt. Bonded debt per capita totaled \$404, based on the 2000 federal census. Debt per capita, including bonds, notes, and other loans totaled \$653, based on the 2000 federal census.

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2010, was as follows:

Governmental Activities:

	Bonds		Notes	Other Loans
Balance, July 1, 2009	\$ 7,285,000	\$ 595,467	\$ 11,910,134	
Additions	13,116,719	0	2,234,866	
Deductions	(1,015,000)	(486,467)	(2,305,000)	
Balance, June 30, 2010	\$ 19,386,719	\$ 109,000	\$ 11,840,000	
Balance Due Within One Year	\$ 1,055,000	\$ 109,000	\$ 580,000	

	Claims and Judgments	Compensated Absences	Other Postemployment Benefits
Balance, July 1, 2009	\$ 0	\$ 547,829	\$ 116,467
Additions	2,000,000	588,202	135,277
Deductions	0	(564,612)	(26,274)
Balance, June 30, 2010	\$ 2,000,000	\$ 571,419	\$ 225,470
Balance Due Within One Year	\$ 250,000	\$ 28,572	\$ 0

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2010	\$ 34,132,608
Less: Balance Due Within One Year	(2,022,572)
Add: Unamortized Premium on Debt	161,769
Less: Deferred Amount on Refunding	<u>(204,499)</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u><u>\$ 32,067,306</u></u>

Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General and Highway/Public Works funds. Claims and judgments payable will be paid from the General Fund.

Advance Refunding

On October 1, 2009, Coffee County advance refunded an other loan issue with a separate general obligation bond issue. The county received bond proceeds of \$1,500,000, which were used to refund a variable rate other loan. As a result, the refunded other loan is considered defeased, and the liability has been removed from the county's long-term debt. Due to the variable interest rates on the refunded other loan issue, the county's economic gain from the reduction in total debt service payments over the next eight years (the term of the refunding bond) cannot be calculated.

Wayside Acres Sewer Fund (enterprise fund)

Other loans outstanding as of June 30, 2010, for business-type activities are as follows:

Type	Interest Rate	Original Amount of Issue	Balance 6-30-10
Other Loans	4.125 to 4.325 %	\$ 324,000	\$ 310,588

The annual requirements to amortize all other loans outstanding as of June 30, 2010, including interest payments, are presented in the following table:

Year Ending June 30	Other Loans		
	Principal	Interest	Total
2011	\$ 4,128	\$ 12,984	\$ 17,112
2012	4,305	12,807	17,112
2013	4,489	12,623	17,112
2014	4,680	12,432	17,112
2015	4,880	12,232	17,112
2016-2020	27,714	57,846	85,560
2021-2025	34,171	51,389	85,560
2026-2030	42,137	43,423	85,560
2031-2035	51,963	33,597	85,560
2036-2040	64,089	21,470	85,559
2041-2045	68,032	6,563	74,595
Total	\$ 310,588	\$ 277,366	\$ 587,954

Changes in Long-term Liabilities

Long-term liability activity for the Wayside Acres Sewer Fund (enterprise fund) for the year ended June 30, 2010, was as follows:

Business-type Activities:

	Other Loans
Balance, July 1, 2009	\$ 314,484
Deductions	<u>(3,896)</u>
Balance, June 30, 2010	<u>\$ 310,588</u>
Balance Due Within One Year	<u>\$ 4,128</u>

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2010	\$ 310,588
Less: Balance Due Within One Year	<u>(4,128)</u>
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 306,460</u>

Discretely Presented Coffee County School Department

Capital Outlay Notes

Coffee County issues capital outlay notes on behalf of the School Department to fund capital facilities and other capital outlay purchases, such as equipment.

Capital outlay notes are direct obligations and pledge the full faith and credit of the government. Capital outlay notes outstanding were issued for an original term of up to eight years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. Capital outlay notes outstanding at June 30, 2010, will be retired from the General Purpose School Fund.

The capital outlay notes outstanding as of June 30, 2010, for governmental activities are as follows:

Type	Interest Rate	Original Amount of Issue	Balance 6-30-10
Capital Outlay Notes	0 to 4.07 %	\$ 872,000	\$ 509,112

The annual requirements to amortize capital outlay notes outstanding as of June 30, 2010, including interest, are presented in the following table:

Year Ending June 30	Notes		
	Principal	Interest	Total
2011	\$ 151,969	\$ 3,324	\$ 155,293
2012	71,429	0	71,429
2013	71,429	0	71,429
2014	71,429	0	71,429
2015	71,429	0	71,429
2016	71,428	0	71,428
Total	\$ 509,112	\$ 3,324	\$ 512,436

Debt per capita for the School Department totaled \$11, based on the 2000 federal census.

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2010, was as follows:

Governmental Activities:

	Notes	Compensated Absences	Other Postemployment Benefits
Balance, July 1, 2009	\$ 657,889	\$ 41,315	\$ 1,495,171
Additions	0	44,169	1,363,553
Deductions	(148,777)	(36,463)	(515,563)
Balance, June 30, 2010	\$ 509,112	\$ 49,021	\$ 2,343,161
Balance Due Within One Year	\$ 151,969	\$ 39,217	\$ 0

Analysis of Noncurrent Liabilities Presented on Exhibit A:

Total Noncurrent Liabilities, June 30, 2010	\$ 2,901,293
Less: Balance Due Within One Year	(191,186)
Noncurrent Liabilities - Due in More Than One Year - Exhibit A	<u>\$ 2,710,107</u>

Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General Purpose School and School Federal Projects funds.

F. On-Behalf Payments – Discretely Presented Coffee County School Department

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Coffee County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both of these plans are administered by the State of Tennessee and reported in the state's Comprehensive Annual Financial Report. Payments by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan for the year ended June 30, 2010, were \$177,155 and \$24,376, respectively. The School Department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

G. Short-term Debt

The county and the discretely presented Coffee County School Department issued revenue anticipation notes in advance of collections and deposited the proceeds in the General, General Debt Service, Education Debt Service, General Purpose School, and School Federal Projects funds. These notes were necessary because funds were not available to meet fund obligations

coming due before current revenue collections. Short-term debt activity for the year ended June 30, 2010, was as follows:

Fund	Balance 7-1-09	Issued	Paid	Balance 6-30-10
Primary Government:				
General	\$ 0	\$ 1,000,000	\$ (1,000,000)	\$ 0
General Debt Service	0	495,000	(495,000)	0
Education Debt Service	0	5,000	(5,000)	0
Discretely Presented School Department:				
General Purpose School	0	1,840,000	(1,840,000)	0
School Federal Projects	0	150,000	(150,000)	0

V. OTHER INFORMATION

A. Risk Management

Primary Government

Coffee County (except for the Highway Department and Ambulance Service) participates in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The county pays an annual premium to the TN-RMT for its general liability, property, casualty, and workers' compensation insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

The Highway Department's risk of loss relating to general liability, property, casualty, and workers' compensation is covered by participation in the Local Government Property and Casualty Fund (LGPCF) and the Local Government Workers' Compensation Fund, which are public entity risk pools established by the Tennessee County Services Association, an association of member counties. The Highway Department pays an annual premium to the pools for its general liability, property, casualty, and workers' compensation insurance coverage. The creation of these pools provides for them to be self-sustaining through member premiums. The LGPCF reinsures through commercial insurance companies for claims of more than \$100,000 for each insured event.

The Coffee County Ambulance Service purchases commercial insurance for the risk of losses to which it is exposed. These risks include general liability,

property, casualty, and accident. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Coffee County participates in the Local Government Group Insurance Fund (LGGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local governments and quasi-governmental entities that was established for the primary purpose of providing services for or on behalf of state and local governments. In accordance with Section 8-27-207, Tennessee Code Annotated (TCA), all local governments and quasi-governmental entities described above are eligible to participate. The LGGIF is included in the Comprehensive Annual Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. The state statute provides for the LGGIF to be self-sustaining through member premiums.

Discretely Presented Coffee County School Department

The discretely presented Coffee County School Department participates in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The School Department pays an annual premium to the TN-RMT for its general liability, property, casualty, and workers' compensation insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

The School Department participates in the Local Education Group Insurance Fund (LEGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, TCA, all local education agencies are eligible to participate. The LEGIF is included in the Comprehensive Annual Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, TCA, provides for the LEGIF to be self-sustaining through member premiums.

The School Department provides a self-insured dental and vision plan for all full-time employees through the General Purpose School Fund. Retirees are not allowed to participate in the program. The cost of this plan was provided by appropriations made for that purpose. Payroll deductions were made from employees' compensation for the portion of premiums relating to family coverage. The dental and vision plan provides maximum yearly benefit amounts for participants. The maximum calendar year benefit under the dental plan is \$1,500 per person. The vision plan also contains limits on benefits and the number of procedures covered by the plan. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The self-insurance program funds established claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Claims liabilities include specific, incremental claim

adjustments and expenditures, if any. In addition, estimated recoveries, if any, on settled claims have been deducted from the liability for unpaid claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Changes in the balance of claims liabilities during the past two fiscal years are as follows:

		Beginning of Fiscal Year Liability	Current Year Claims and Estimates	Payments	End of Fiscal Year Liability
2008-09	\$	146,368	\$ 411,501	\$ 379,114	\$ 178,755
2009-10		178,755	431,564	404,388	205,931

B. Accounting Changes

Provisions of Governmental Accounting Standards Board Statement No. 51, Accounting and Financial Reporting for Intangible Assets; and Statement No. 53, Accounting and Financial Reporting for Derivative Instruments became effective for the year ended June 30, 2010.

GASB Statement No. 51 establishes accounting and financial reporting requirements for intangible assets. Intangible assets have three characteristics: lack of physical substance, nonfinancial in nature, and a useful life that extends beyond a single reporting period. Assets that have these characteristics and are identifiable to the government should be reported as capital assets and amortized over their useful lives. Easements, water rights, patents, and computer software are examples of intangible assets that should be recognized under GASB Statement No. 51. Coffee County and the School Department had no assets that met the definition of intangible assets at June 30, 2010. However, it is reasonably expected that Coffee County and the School Department may acquire intangible assets in subsequent years.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by county governments. Derivative instruments are financial arrangements used by governments as investments; hedges against identified financial risks; or to lower the cost of borrowings. Interest rate swaps and locks, options, swaptions, forward contracts, and futures contracts are among the commonly used types of derivatives mentioned in GASB Statement No. 53. Derivative instruments associated with fluctuating financial and commodity prices result in changing cash flows and fair values that can be used as effective risk management or investment tools. For the same reasons, derivative instruments can expose governments to significant risks and liabilities. The requirements of GASB Statement No. 53 are intended to help users of financial information evaluate the effectiveness and associated risks involved with Coffee County's derivative transactions. GASB Statement

No. 53 requires most derivatives to be reported at fair value in the Statement of Net Assets. Changes in fair value for derivative instruments that are intended for investment purposes or that are reported like investment derivative instruments because of ineffectiveness are reported as investment revenues in the Statement of Activities. Alternatively, the changes in fair value of derivative instruments that are classified as hedging (i.e., effective) derivative instruments are reported in the Statement of Net Assets as deferrals. Coffee County had not participated in derivative transactions as of June 30, 2010. However, it is reasonably expected that Coffee County may enter into derivative transactions in subsequent years.

C. Subsequent Events

Subsequent to June 30, 2010, the county and the discretely presented Coffee County School Department issued revenue anticipation notes in advance of collections and deposited the proceeds as follows:

<u>Fund</u>	<u>Date Issued</u>	<u>Amount</u>
<u>Primary Government:</u>		
General	8-6-10	\$ 500,000
"	9-1-10	500,000
"	9-30-10	500,000
"	10-29-10	500,000
General Debt Service	1-26-11	250,000
<u>Discretely Presented School Department:</u>		
General Purpose School	8-13-10	750,000
"	10-13-10	625,000
School Federal Projects	8-10-10	100,000
"	9-14-10	25,000

On August 31, 2010, Alvin Harper left the Office of Road Superintendent and was succeeded by Steve Parks.

D. Contingent Liabilities

The county is involved in several pending lawsuits. However, the county attorney estimates that the potential claims against the county not covered by insurance resulting from such litigation would not materially affect the county's financial statements.

E. Claims and Judgments Payable

The county was the defendant in a lawsuit filed by the City of Tullahoma and its board of education. The city was seeking reimbursement of certain sales tax proceeds that they alleged was due them since Coffee County failed to follow state statute relative to the disbursement of sales tax proceeds, which are used for educational purposes. In October 2009, a settlement was reached between the parties for a payment to the City of Tullahoma totaling \$2,000,000. In accordance with the settlement, Coffee County made a payment to the city of Tullahoma of \$250,000 from the General Fund on October 1, 2010. The balance of \$1,750,000 is to be paid on or before December 31, 2011. The county has increased its tax rate in the General Fund in fiscal year 2011 to pay for this settlement.

F. Joint Venture

The Fourteenth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Fourteenth Judicial District and participating municipalities in the district. The DTF interlocal agreement was signed by the sheriff of Coffee County and the police chiefs of the cities of Manchester and Tullahoma. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriff, and police chiefs of participating law enforcement agencies within each judicial district. Coffee County made no contributions to the DTF for the year ended June 30, 2010.

Coffee County does not have an equity interest in the above-noted joint venture. Complete financial statements for the DTF can be obtained from its administrative office at the following address:

Administrative Office:

Office of District Attorney General
Fourteenth Judicial District
307 South Woodland
Manchester, TN 37355

G. Jointly Governed Organization

Primary Government

The Tri-County Railroad Authority is jointly operated by Coffee County, in conjunction with Warren and White counties. The authority's board comprises the county mayor/executive of each county and one member

selected by the governing body of each county; however, the counties do not have any ongoing financial interest or responsibility for the entity.

Discretely Presented Coffee County School Department

The Coffee County School Department is a member of the Volunteer State Cooperative (VOLCO). The cooperative was established through a contractual agreement between the Boards of Education of Bedford County, Coffee County, Dickson County, Humphreys County, Marshall County, Fayetteville City, Manchester City, Maury County, Stewart County, and Robertson County. The cooperative was established to obtain lower prices for food supplies, materials, equipment, and services by combining the purchasing requirements of each member's school food service systems. The cooperative has contracted with a coordinating district (Stewart County School Department) and a service provider to provide these services. The cooperative is governed by a Representative Committee, including one representative from each of the member districts, and an Executive Council, consisting of the chair, vice chair, secretary, treasurer, and a member-at-large from the Representative Committee. The cooperative began operations in July 1998.

H. Retirement Commitments

Employees

Plan Description

Employees of Coffee County are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979, become vested after five years of service, and members joining prior to July 1, 1979, were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Coffee County participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at www.tn.gov/treasury/tcrs/PS/.

Funding Policy

Coffee County requires employees to contribute five percent of their earnable compensation. The county is required to contribute at an actuarially determined rate; the rate for the fiscal year ended June 30, 2010, was 8.26 percent of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for Coffee County is established and may be amended by the TCRS Board of Trustees.

Annual Pension Cost

For the year ended June 30, 2010, Coffee County's annual pension cost of \$1,019,296 to TCRS was equal to the county's required and actual contributions. The required contribution was determined as part of the July 1, 2007, actuarial valuation using the frozen entry age actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.5 percent a year compounded annually, (b) projected salary increases of 4.75 percent (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (c) projected 3.5 percent annual increase in the Social Security wage base, and (d) projected postretirement increases of three percent annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a five-year period. Coffee County's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2007, was 11 years. An actuarial valuation was performed as of July 1, 2009, which established contribution rates effective July 1, 2010.

Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6-30-10	\$1,019,296	100%	\$0
6-30-09	1,008,995	100	0
6-30-08	1,081,150	100	0

Funded Status and Funding Progress

As of July 1, 2009, the most recent actuarial valuation date, the plan was 83.12 percent funded. The actuarial accrued liability for benefits was \$27.88 million, and the actuarial value of assets was \$23.18 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$4.71 million. The covered payroll (annual payroll of active employees covered by the plan) was \$12.25 million, and the ratio of the UAAL to the covered payroll was 38.44 percent.

The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

The TCRS uses the frozen entry age actuarial cost method to calculate the annual required contribution. Effective July 1, 2009, the TCRS reestablished the unfunded accrued liabilities for all groups.

School Teachers

Plan Description

The School Department contributes to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits to plan members and their beneficiaries. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the plan on or after July 1, 1979, are vested after five years of service. Members joining prior to July 1, 1979, are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. A cost of living adjustment (COLA) is provided to retirees each July based on the percentage change in the Consumer Price Index (CPI) during the previous calendar year. No COLA is granted if the CPI increases less than one-half percent. The annual COLA is capped at three percent.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the SETHEEPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at www.tn.gov/treasury/tcrs/Schools.

Funding Policy

Most teachers are required by state statute to contribute five percent of their salaries to the plan. The employer contribution rate for the School Department is established at an actuarially determined rate. The employer rate for the fiscal year ended June 30, 2010, was 6.42 percent of annual covered payroll. The employer contribution requirement for the School Department is established and may be amended by the TCRS Board of Trustees. The employer's contributions to TCRS for the years ended June 30, 2010, 2009, and 2008, were \$1,059,169, \$1,068,966, and \$1,006,487, respectively, equal to the required contributions for each year.

I. Other Postemployment Benefits (OPEB)

Plan Description

Coffee County and the Coffee County School Department participate in the state-administered Local Government Group Insurance Plan and the Local Education Group Insurance Plan for healthcare benefits. For accounting purposes, the plans are agent multiple-employer defined benefit OPEB plans. Benefits are established and amended by an insurance committee created by Section 8-27-302, Tennessee Code Annotated (TCA), for local education employees and Section 8-27-207, TCA, for local governments. Prior to reaching the age of 65, all members have the option of choosing a preferred provider organization (PPO), point of service (POS), or health maintenance organization (HMO) plan for healthcare benefits. Subsequent to age 65, members who are also in the state's retirement system may participate in a state-administered Medicare Supplement Plan that does not include pharmacy. The plans are reported in the State of Tennessee Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at <http://tn.gov/finance/act/cafr.html>.

Funding Policy

The premium requirements of plan members are established and may be amended by the insurance committee. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop a contribution policy in terms of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. The state does not provide a subsidy for local government participants,

however, the state does provide a partial subsidy to Local Education Agency pre-65 teachers and a full subsidy based on years of service for post-65 teachers in the Medicare Supplement Plan. The required contribution rate for retirees ranges from ten percent to 55 percent based on the years of service. During the year ended June 30, 2010, the county and the discretely presented School Department contributed \$26,274 and \$515,563, respectively, for postemployment benefits.

Annual OPEB Cost and Net OPEB Obligation

	Local Government Group Plan	Local Education Group Plan
ARC	\$ 135,000	\$ 1,360,000
Interest on the NPO	5,241	67,283
Adjustment to the ARC	(4,964)	(63,730)
Annual OPEB cost	\$ 135,277	\$ 1,363,553
Amount of contribution	(26,274)	(515,563)
Increase/decrease in NPO	\$ 109,003	\$ 847,990
Net OPEB obligation, 7-1-09	116,467	1,495,171
Net OPEB obligation, 6-30-10	\$ 225,470	\$ 2,343,161

Fiscal Year Ended	Plans	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation at Year End
6-30-08	Local Government Group	\$ 204,643	55 %	\$ 91,890
6-30-09	"	63,564	61	116,467
6-30-10	"	135,277	19	225,470
6-30-08	Local Education Group	1,124,000	36	720,121
6-30-09	"	1,142,866	32	1,495,171
6-30-10	"	1,363,553	38	2,343,161

Funded Status and Funding Progress

The funded status of the plan as of June 30, 2010, was as follows:

	Local Government Group Plan	Local Education Group Plan
Actuarial valuation date	7-1-09	7-1-09
Actuarial accrued liability (AAL)	\$ 1,040,000	\$ 11,462,000
Actuarial value of plan assets	\$ 0	\$ 0
Unfunded actuarial accrued liability (UAAL)	\$ 1,040,000	\$ 11,462,000
Actuarial value of assets as a % of the AAL	0%	0%
Covered payroll (active plan members)	\$ 7,192,986	\$ 19,838,260
UAAL as a % of covered payroll	14%	58%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the July 1, 2009, actuarial valuation the projected unit credit actuarial cost method was used and the actuarial assumptions included a 4.5 percent investment rate of return (net of administrative expenses). The Local Education Plan had an annual healthcare cost trend rate of four percent for fiscal year 2010. The trend will rise to ten percent in fiscal year 2011 and then will be reduced by decrements to an ultimate rate of five percent by fiscal year 2021. The annual healthcare cost trend rate for the Local Government Plan was three percent for fiscal year 2010. The trend will rise to ten percent in fiscal year 2011 and then will be reduced by decrements to an ultimate rate of five percent by fiscal year 2021. Each rate includes a

three percent inflation assumption. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a 30-year period beginning with June 30, 2008.

J. Purchasing Laws

Offices of County Mayor and Road Superintendent

Purchasing procedures for these offices are governed by provisions of the County Purchasing Law of 1957, Section 5-14-101, et seq., Tennessee Code Annotated (TCA). Purchasing procedures in the Highway Department are also governed by the Uniform Road Law, Section 54-7-113, TCA. These statutes provide for the purchasing agent to make purchases for these departments, with purchases exceeding \$5,000 (\$10,000 Highway Department) to be made on the basis of competitive bids solicited through public advertisement.

Office of Director of Schools

Purchasing procedures for the discretely presented Coffee County School Department are governed by purchasing laws applicable to schools as set forth in Section 49-2-203, TCA, which provides for the county Board of Education, through its executive committee (director of schools and chairman of the Board of Education), to make all purchases. This statute also requires competitive bids to be solicited through newspaper advertisement on all purchases exceeding \$10,000.

VI. OTHER NOTES – PUBLIC LIBRARY FUND

A. Organization and Reporting Entity

The Coffee County Library Board is a part of the primary government of Coffee County, Tennessee. This board does not have separate legal standing from the primary government of Coffee County, Tennessee. The board was organized to administer the affairs of the Coffee County Libraries. This board is made up of seven members appointed by the Coffee County Board of Commissioners; four members from the Manchester area who act as a committee to administer the affairs of the Manchester Public Library on a monthly basis, and three members from the Tullahoma area who act as a committee to administer the affairs of the Lannom Memorial Public Library on a monthly basis. Board members are appointed for three-year terms and are eligible to serve two consecutive terms. Then, members must stay off the board for one year before being eligible to be reappointed to the board. Each library committee has one member's term expiring each year. Every third year (beginning with 1998), the terms of two members from the Manchester committee expire. The Coffee County Library Board submits a line-item budget to the Coffee County Board of Commissioners who set county appropriations to the library systems. Allocation from the primary government is the major source of revenue for the Public Library Fund.

B. Summary of Significant Accounting Policies

1. Basis of Presentation

The Coffee County Library Board is reported as a special revenue fund of Coffee County, the primary government.

2. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements.

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized when the liability is incurred.

3. Budgets and Budgetary Accounting

Revenues from city and county allocations are classified as appropriated funds, and all other sources of funds are classified as unappropriated funds. A budget is prepared only for the appropriated funds. Since the budget only covers selected revenues and expenditures, it is not appropriate to present a Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual as part of the financial statements.

4. Capital Assets and Depreciation

Capital assets are reported in the government-wide Statement of Net Assets. The libraries follow the capitalization policy adopted by Coffee County. The valuation basis for capital assets is historical cost. The capitalization threshold for an individual item is \$5,000. Depreciation of capital assets is computed and recorded by the straight-line method. The estimated useful life of buildings is 40 years, improvements are 15 years, furnishings are five years, office equipment is ten years, audio visual media is three years, and books are divided into paperbacks, which have a useful life of two years, and hardbound books with a useful life of seven years.

C. Pension Plan

The employees of the Coffee County Library Board are covered under the plan covering employees of Coffee County. The Coffee County Government pays for this plan.

D. Insurance

The libraries are covered by the county for the risks of losses to which it is exposed. These risks include general liability, property and casualty, workers' compensation, and environmental. Settled claims have not exceeded commercial coverage in the past three fiscal years, and there are currently no pending lawsuits.

E. Bank Deposits

The libraries are authorized to invest in the following types of securities and indebtedness, in accordance with governing statutes:

1. Bonds, notes, treasury bills or similar types of indebtedness to the United States.
2. Non-convertible debt including Federal Home Loan Bank, Federal National Mortgage Association, Federal Farm Credit Bank, and Student Loan Marketing Association.
3. Other obligations not specified above, which provide guaranteed principal and interest by the United States or any of its agencies.
4. Repurchase agreements, which involve obligations of the United States or its agencies, provided the term of the repurchase agreement does not extend beyond the maturity date of the obligation and the market value of the security exceeds the cost of the security.
5. Money market funds invested in any of the aforementioned securities.

The carrying amount of total cash deposits (including petty cash) at June 30, 2010, is \$406,269. With the exception of petty cash, all cash deposits were entirely covered by federal depository insurance or by collateral held by the libraries' custodial banks in the libraries' name.

F. Commitments and Contingencies

Both the Coffee County Manchester Public Library and the Tullahoma Lannom Memorial Library participate in state grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustments by the grantor agencies; therefore, to the extent the libraries have not complied with the rules and regulations governing the grants, refunds of any money received may be required. In the opinions of both the Coffee County Manchester Public Library and the Tullahoma Lannom Memorial Library, there are no significant contingent liabilities relating to the compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

G. Budget Variances

The libraries' actual expenditures exceeded the amount appropriated. This practice is contrary to state statutes, which require all expenditures to be authorized by the governing body.

H. Capital Assets

Changes in capital assets are summarized by major classifications for the year ended June 30, 2010, as follows:

Assets	Balance 7-1-09	Increases	Balance 6-30-10
Land	\$ 8,050	\$ 0	\$ 8,050
Buildings/Improvements	1,405,297	0	1,405,297
Furniture and Office Equipment	67,783	10,210	77,993
Other Capital Assets	811,125	131,268	942,393
Total Assets	<u>\$ 2,292,255</u>	<u>\$ 141,478</u>	<u>\$ 2,433,733</u>
Less: Accumulated Depreciation			
Buildings/Improvements	\$ (764,849)	\$ (15,887)	\$ (780,736)
Furniture and Office Equipment	(65,179)	(1,021)	(66,200)
Other Capital Assets	(727,583)	(117,714)	(845,297)
Total Assets	<u>\$ (1,557,611)</u>	<u>\$ (134,622)</u>	<u>\$ (1,692,233)</u>
Capital Assets, Net	<u>\$ 734,644</u>	<u>\$ 6,856</u>	<u>\$ 741,500</u>

VII. OTHER NOTES – DISCRETELY PRESENTED COFFEE COUNTY EMERGENCY COMMUNICATIONS DISTRICT

A. Summary of Significant Accounting Policies

The Coffee County Emergency Communications District was established on April 4, 1987, to provide an enhanced level of 911 service to the Coffee County citizens by acquiring certain types of equipment that enable emergency service providers to respond more rapidly and more effectively due to increased speed in the transmittal of critical information and improved reliability of address and information. It is a discretely presented component unit of Coffee County. A board of directors appointed by Coffee County runs the Coffee County Emergency Communications District. The district must file a budget with Coffee County each year. Any bond issued by the district is subject to approval by Coffee County.

The district uses the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when incurred. Generally accepted accounting principles for local governments include those principles

prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units and by the Financial Accounting Standards Board. As allowed in Section P80 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, the board has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989.

1. Depreciation

Depreciation is computed at rates designed to amortize the cost of the individual assets over their useful lives using the straight-line method. Depreciation begins when the capital assets are placed in service. Depreciation is summarized as follows:

	Method	Estimated Useful Life (Years)	2010 Depreciation
Buildings/Improvements	S/L	10-30	\$ 4,487
Office Equipment	S/L	5-10	4,964
Furniture and Fixtures	S/L	5-10	5,948
Communication Equipment	S/L	5-20	<u>63,371</u>
Total			<u>\$ 78,770</u>

2. Major Source of Revenue

The major source of operating revenue is emergency telephone and wireless surcharges. The district's nonoperating revenue consists of a grant, contributions from other governments and agencies, insurance proceeds, interest/investment income, and sales of map books.

B. Cash and Cash Investments

The following is a schedule of bank accounts at June 30, 2010:

Checking – First National Bank	\$ 170,874
Money Market – American City Bank	57,519
Certificates of Deposit – Coffee County Bank	282,110
Certificates of Deposit – Peoples Bank	153,750
Certificates of Deposit – American City Bank	205,455
Certificates of Deposit – First National Bank	<u>219,239</u>
Total	<u>\$ 1,088,947</u>

At June 30, 2010, the carrying amount of the Coffee County Emergency Communications District's cash deposits was \$1,088,947. The district's deposit accounts are covered up to \$250,000 by the Federal Deposit Insurance Corporation. Any amounts over \$250,000 are covered by collateralization held by First National Bank and Coffee County Bank in the district's name. Peoples Bank and American City Bank are members of the Government Collateralization Pool. The district is authorized to deposit and invest funds according to the provisions of Section 5-8-301, Tennessee Code Annotated.

C. Bonding and Insurance

Coffee County Emergency Communications District had a bond covering certain members of the board at June 30, 2010. The district has liability insurance covering the building and its contents. The policy also insures employees automobiles used in the counsel of business. The district had no settlements that exceeded the coverage for the past three years.

D. Capital Assets

The following is a schedule of capital assets at June 30, 2010:

Assets	Cost	Accumulated Depreciation	Net
Construction in Progress	\$ 158,398	\$ 0	\$ 158,398
Buildings/Improvements	\$ 185,450	\$ 85,467	\$ 99,983
Office Equipment	37,014	27,271	9,743
Furniture and Fixtures	46,405	34,014	12,391
Communication Equipment	629,227	356,532	272,695
Total	\$ 1,056,494	\$ 503,284	\$ 553,210

Assets	Balance 7-1-09	Additions	Retire- ments	Balance 6-30-10
Non-Depreciable Assets				
Construction in Progress	\$ 50,573	\$ 158,398	\$ (50,573)	\$ 158,398
Depreciable Assets				
Buildings/Improvements	\$ 117,428	\$ 68,023	\$ 0	\$ 185,451
Office Equipment	45,318	0	(8,304)	37,014
Furniture and Fixtures	42,903	4,438	(937)	46,404
Communication Equipment	747,865	50,432	(169,070)	629,227
Subtotal	\$ 953,514	\$ 122,893	\$ (178,311)	\$ 898,096
Total	\$ 1,004,087	\$ 281,291	\$ (228,884)	\$ 1,056,494

E. Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits with original maturities of three months or less with local financial institutions.

F. Accounts Receivable/Due from Other Governments

The amounts due to the district from subscriber services and wireless charges include the following:

AT&T	\$ 12,067
Ben Lomand	1,432
Other Telephone Companies	4,818
Sub-total	<u>\$ 18,317</u>
State Emergency Communications Board	<u>16,820</u>
Total	<u><u>\$ 35,137</u></u>

G. Compensated Absences

There were no compensated absences as of June 30, 2010.

H. Salaries and Wages

In accordance with a contract, Coffee County provides the director and dispatcher for the district.

I. Calculation of Invested in Capital Assets

Net Book Value	\$ 553,210
Current and Noncurrent Debt	<u>0</u>
Total Invested in Capital Assets	<u><u>\$ 553,210</u></u>

J. Budgetary Information

The district must file a budget with the county each year, which must be legally adopted by the county. The budget is prepared on the accrual basis of accounting. Compliance with the legally adopted budget is required at the program level as well as the object level.

K. Prior-period Adjustment

Capital assets were restated \$50,573 from the prior-year because construction in progress was overstated.

VIII. OTHER NOTES - DISCRETELY PRESENTED INDUSTRIAL BOARD OF COFFEE COUNTY

A. Summary of Significant Accounting Policies

The Industrial Board of Coffee County, Tennessee, was incorporated in 1969. As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the Industrial Board of Coffee County, Tennessee, Inc. The board is a discretely presented component unit of Coffee County, Tennessee (the primary government). The primary government appoints the members of the board of directors, and the board is funded primarily by appropriations from the county. The purpose of the board is to promote industry and develop trade for Coffee County, Tennessee.

The financial statements of the Industrial Board of Coffee County, Tennessee, Inc., have been prepared in conformity with generally accepted accounting principles as applied to government units. The Governmental Accounting Standard Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the board's accounting policies are described below:

1. Government-wide Statements

In the government-wide Statement of Net Assets, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The government-wide Statement of Activities reports both the gross and the net cost of the board's programs. The functions are also supported by general governmental revenues. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating grants, and capital grants. Program revenues must be directly associated with the function.

The board adopted the provisions of Governmental Accounting Standards Board Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Statement No. 34 established standards for external financial reporting for all state and local governmental entities, which include a Statement of Net Assets, a Statement of Activities and Changes in Net Assets, and a Statement of Cash Flows. It requires the classification of net assets into three components - invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt – This component of net assets consists of capital assets, including restricted capital

assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of debt is included in the same net assets component as the unspent proceeds.

- Restricted – This component of net assets consists of constraints placed on the use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net assets – This component of net assets consists of net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

2. Estimates

Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts or revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Equipment

Equipment is stated at cost, less accumulated depreciation, which is computed by the straight-line method over an estimated useful life of five to 20 years. Major expenditures for equipment and for repairs, which substantially increase the useful lives, are capitalized. Maintenance, minor repairs, and minor acquisitions are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts, and resulting gains or losses are included in revenue or expense.

4. Cash and Cash Equivalents

For purposes of reporting cash flows, cash equivalents include all short-term highly liquid investments with maturities of three months or less.

5. Accounts Receivable

The board considers accounts receivable to be fully collectible at June 30, 2010; accordingly, no allowance for doubtful accounts is

required. If amounts become uncollectible, they will be charged off when that determination is made.

6. Compensated Absences

There are no compensated absences to be accrued.

7. Pension Plan

The board does not provide a pension plan for its employees; however, they are covered under the plan for Coffee County.

8. Federal Income Taxes

The Industrial Board of Coffee County is exempt from federal and state income tax.

B. Cash Deposits with Financial Institutions

The board is authorized to deposit its funds in banks, trust companies, or other depositories as the board may select. Deposits are carried at cost. At year-end the carrying amount of deposits was \$852,394, and the bank balance was \$914,019. Of the banks balances, \$624,033 was covered by federal deposit insurance, \$249,986 was collateralized with securities pledged that comply with statutes as acceptable collateral, and \$40,000 was unsecured as of June 30, 2010.

C. Capital Assets

Property, plant, and equipment consist of various office machines and improvements, which are depreciated over five to 20 years using the straight-line method.

A summary of changes in the capital assets is as follows:

	Balance 7-1-09	Additions	Balance 6-30-10
Capital Assets Depreciated:			
Equipment	\$ 16,324	\$ 0	\$ 16,324
Land Improvements	45,080	0	45,080
Construction in Progress	318,585	723,864	1,042,449
Vehicles	199,705	0	199,705
Total Capital Assets Depreciated	<u>\$ 579,694</u>	<u>\$ 723,864</u>	<u>\$ 1,303,558</u>
Less: Accumulated Depreciation:			
Equipment	\$ (11,570)	\$ (1,644)	\$ (13,214)
Vehicles	(19,971)	(9,985)	(29,956)
Total Accumulated Depreciation	<u>\$ (31,541)</u>	<u>\$ (11,629)</u>	<u>\$ (43,170)</u>
Total	<u>\$ 548,153</u>	<u>\$ 712,235</u>	<u>\$ 1,260,388</u>

Depreciation expense for the year ended June 30, 2010, was \$11,629.

D. Notes Payable

Notes payable by the board at June 30, 2010, consist of:

	Interest Rate	Outstanding 6-30-10
Note with DREMC	3 %	\$ 360,000
Short-term Construction Loan with Bank	4.75	360,917
Note with City of Manchester - Speculative Building	0	<u>154,500</u>
Total Outstanding		<u>\$ 875,417</u>

Changes in notes payable consist of:

	Balance 7-1-09	Additions	Retirements	Balance 6-30-10
Notes Payable:				
Construction Line of Credit	\$ 50,000	\$ 50,000	\$ (100,000)	\$ 0
DREMC	0	360,000	0	360,000
Short-term Construction Loan	0	360,917	0	360,917
City of Manchester*	154,500	0	0	154,500
Total Notes Payable	<u>\$ 204,500</u>	<u>\$ 770,917</u>	<u>\$ (100,000)</u>	<u>\$ 875,417</u>
Due in One Year:				
Short-term Construction Loan		<u>\$ 360,917</u>		

* Restated beginning balance, see Note H.

E. Commitments and Contingency

The board receives a substantial amount of its support from local governments. A significant reduction in the level of such support, if this were to occur, may have an effect on the board's programs and activities.

The board had entered in an agreement to build a speculative building in the City of Manchester Industrial Park. The infrastructure is to be partially paid with a FastTrack grant of \$750,000 obtained by the City of Manchester. The board will fund \$135,000 of the cost. These funds will be reimbursed by the city to the board upon sale of the property. The total cost of the spec building project is estimated at \$1,835,000 (not including land cost). The City of Manchester sold 10.3 acres of land for the building to the board for \$154,500. This amount is to be reimbursed when the building is sold. Funding for the project will be from loans through local banks, grant funds to the City of Manchester, DREMC loan, and TVA loan. Construction costs as of June 30, 2010, totaled \$1,042,449.

F. Note Receivable

The board has a note receivable due from an individual dated September 28, 2006, to sell 17.42 acres located in the Coffee County Interstate Industrial Park. The gross sales price was \$104,520, with \$42,000 paid to the board at closing, and a note receivable for the remainder of \$62,520. The note is due September 28, 2013, and is secured by a deed of trust on the property. No monthly payments are due until September 28, 2010, at which time payments of \$633 will commence for not more than three years, with the remainder being due at September 28, 2013. According to the terms of the note, interest is to be added to the principal

balance annually. The interest rate is 5.5 percent. The balance of the note receivable at June 30, 2010, was \$76,442.

G. Lease Agreement

The board purchased a fire truck in July 2007 for \$199,705. The truck is leased to Hickerson Station Fire Department. There is no stated monthly lease payment. The fire department is responsible for insurance, maintenance, and service on the truck; however, the board retains ownership of the vehicle. The lease is for continuous 12-month periods with 60-day notice by either party to terminate the lease agreement.

H. Prior-period Adjustment

Notes payable were restated \$13,542 from the prior-year. The note was reduced in the prior-year by the amount of grant funds paid on a project; however, it was subsequently learned that those payments do not reduce the amount of the loan.

COFFEE COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2010

BUDGETARY INFORMATION

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor, County Attorney, etc.). Management may make revisions within major categories, but only the County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP), except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary schedule.

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

Public Library Fund – The Public Library Fund is used to account for the transactions of the Coffee County Public Libraries.

Solid Waste/Sanitation Fund – The Solid Waste/Sanitation Fund is used to account for the transactions relating to the disposal of solid waste.

Local Purpose Tax Fund – The Local Purpose Tax Fund is used to account for a special property tax levied on the Interstate Industrial Park to provide city services for the park.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

District Attorney General Fund – The District Attorney General Fund is used to account for restricted revenues for the benefit of the Office of District Attorney General.

Commissary Fund – The Commissary Fund is used to account for transactions of the commissary operation administered by the Sheriff's Office. This fund closed during the year.

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for operating expenses paid directly from the fee and commission accounts of the trustee, clerks, register, and sheriff.

Debt Service Funds

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

General Debt Service Fund – The General Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

Rural Debt Service Fund – The Rural Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of school projects outside the territorial limits of the Special School District.

Education Debt Service Fund – The Education Debt Service Fund is used to account for the accumulation of resources for, and the retirement of, bonds issued for improvements to the county's senior high school.

Other Debt Service Fund – The Other Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of future school construction and renovation projects to be financed with the second-half of the additional three-fourths cent sales tax approved in 2007.

Capital Projects Funds

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital projects.

General Capital Projects Fund – The General Capital Projects Fund is used to account for general capital expenditures of the county. The remaining balance in this fund represents unexpended bond proceeds to be used for various projects including renovation of the justice center, construction of a workhouse at the jail, and construction of water and sewer lines in the rural areas of the county.

Other Capital Projects Fund – The Other Capital Projects Fund is used to account for expenditures related to the acquisition and repair of capital assets of the Coffee County Ambulance Department. This fund closed during the year.

Major Governmental Fund

Special Debt Service Fund

The Special Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of future school construction and renovation projects to be financed with the first-half of the additional three-fourths cent sales tax approved in 2007.

Fiduciary Funds

Agency Funds are used to account for assets held by the county in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the State of Tennessee and forwarded to the various cities on a monthly basis.

City School ADA - Tullahoma Fund – The City School ADA - Tullahoma Fund is used to account for the Tullahoma City School's share of education revenues collected by the county that must be apportioned between the school systems on an average daily attendance basis.

City School ADA - Manchester Fund – The City School ADA - Manchester Fund is used to account for the Manchester City School's share of education revenues collected by the county that must be apportioned between the school systems on an average daily attendance basis.

Constitutional Officers - Agency Fund – The Constitutional Officers - Agency Fund is used to account for amounts collected in an agency capacity by the county clerk; circuit, general sessions, and juvenile courts clerk; clerk and master; register; and sheriff. Such collections include amounts due the state, cities, other county funds, litigants, heirs, and others.

Judicial District Drug Fund – The Judicial District Drug Fund is used to account for state grants and other restricted revenues held in trust for the benefit of the Fourteenth Judicial District Drug Task Force.

Coffee County School Department

This section presents combining and individual fund financial statements for the Coffee County School Department, a discretely presented component unit. The Coffee County School Department uses a General Fund, two Special Revenue Funds, and a Capital Projects Fund.

General Purpose School Fund – The General Purpose School Fund is used to account for general operations of the School Department.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Other Capital Projects Fund – The Other Capital Projects fund is used to account for building construction and renovations of the School Department.

Coffee County, Tennessee

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Assets

Discretely Presented Coffee County School Department

June 30, 2010

Amounts reported for governmental activities in the statement
of net assets (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit J-2)		\$	4,249,190
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in in the governmental funds.			
Add: land	\$	1,438,853	
Add: construction in progress		8,561,972	
Add: buildings and improvements net of accumulated depreciation		13,713,918	
Add: other capital assets net of accumulated depreciation		<u>1,741,518</u>	25,456,261
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.			
Less: notes payable	\$	(509,112)	
Less: compensated absences payable		(49,021)	
Less: other postemployment benefits liability		(2,343,161)	
Less: accrued interest on notes		<u>(2,216)</u>	(2,903,510)
(3) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.			<u>517,661</u>
Net assets of governmental activities (Exhibit A)		\$	<u><u>27,319,602</u></u>

Exhibit J-5

Coffee County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
Discretely Presented Coffee County School Department
For the Year Ended June 30, 2010

Amounts reported for governmental activities in the statement
of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit J-4)		\$ 2,206,191
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:		
Add: capital assets purchased in the current period	\$ 10,690,434	
Less: current year depreciation expense	<u>(649,943)</u>	10,040,491
(2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net assets		
Less: loss on disposal of capital assets		(2,781)
(3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Add: deferred delinquent property taxes and other deferred June 30, 2010	\$ 517,661	
Less: deferred delinquent property taxes and other deferred June 30, 2009	<u>(504,672)</u>	12,989
(4) The issuance of long-term debt (e.g., bonds, other loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:		
Add: principal payments on notes		148,777
(5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
Change in accrued interest payable	\$ 2,127	
Change in compensated absences payable	(7,706)	
Change in other postemployment benefits liability	<u>(847,990)</u>	<u>(853,569)</u>
Change in net assets of governmental activities (Exhibit B)		<u>\$ 11,552,098</u>

**REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

March 2, 2011

Coffee County Mayor and
Board of County Commissioners
Coffee County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Coffee County, Tennessee, as of and for the year ended June 30, 2010, which collectively comprise Coffee County's basic financial statements and have issued our report thereon dated March 2, 2011. Our report was modified to include a reference to other auditors. Our report on the aggregate discretely presented component units was qualified due to not including the financial statements of the Coffee County Public Building Authority, which were not available from other auditors as of the date of this report. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Public Library Fund, Coffee County Emergency Communications District, and Industrial Board of Coffee County as described in our report on Coffee County's financial statements. This report does not include the results of the other auditors testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Coffee County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Coffee County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Coffee County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency described in the accompanying Schedule of Findings and Questioned Costs to be a material weakness: 10.02.

A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies: 10.03 and 10.06.

Compliance and Other Matters

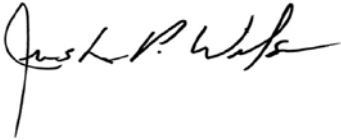

As part of obtaining reasonable assurance about whether Coffee County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and are described in the accompanying Schedule of Findings and Questioned Costs as items 10.01, 10.04, and 10.05.

We also noted certain matters that we reported to management of Coffee County in separate communications.

Coffee County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Coffee County's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the county mayor, director of schools, road superintendent, County Commission, Board of Education, Road Commission, others within Coffee County, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink, appearing to read "Justin P. Wilson". The signature is fluid and cursive, with a long vertical line extending downwards from the end.

Justin P. Wilson
Comptroller of the Treasury

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

March 2, 2011

Coffee County Mayor and
Board of County Commissioners
Coffee County, Tennessee

To the County Mayor and Board of County Commissioners:

Compliance

We have audited the compliance of Coffee County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2010. Coffee County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Coffee County's management. Our responsibility is to express an opinion on Coffee County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Coffee County's compliance with those requirements and

performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Coffee County's compliance with those requirements.

In our opinion, Coffee County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Coffee County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Coffee County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Coffee County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

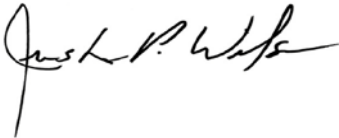

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Coffee County, Tennessee, as of and for the year ended June 30, 2010, which collectively comprise Coffee County's basic financial statements and have issued our reports thereon dated March 2, 2011. Our report on the aggregate discretely presented component units was qualified due to not including the financial statements of the Coffee County Public Building Authority, which were not available from other auditors as of the date of this report. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise a portion of Coffee County's basic financial statements. The accompanying Schedule of Expenditures of

Federal Awards is presented for purposes of additional analysis, as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Coffee County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Coffee County's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the county mayor, director of schools, road superintendent, County Commission, Board of Education, Road Commission, others within Coffee County, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink, appearing to read "Justin P. Wilson". The signature is fluid and cursive, with a long vertical stroke at the end.

Justin P. Wilson
Comptroller of the Treasury

JPW/yu

Coffee County, Tennessee
Schedule of Audit Findings Not Corrected
June 30, 2010

Government Auditing Standards require auditors to report the status of uncorrected findings from prior audits. Presented below are findings from the Annual Financial Report for Coffee County, Tennessee, for the year ended June 30, 2009, which have not been corrected.

OFFICE OF COUNTY MAYOR

Finding Number	Page Number	Subject
09.01	258	Compensation was paid in-lieu-of insurance benefits for some employees

OFFICE OF DIRECTOR OF SCHOOLS

Finding Number	Page Number	Subject
09.05	261	The Other Capital Projects Fund required material audit adjustments for proper financial statement presentation
09.06	261	Tax anticipation notes were not issued in compliance with state statutes

OTHER FINDING

Finding Number	Page Number	Subject
09.09	263	Duties were not segregated adequately in the Offices of County Mayor, Director of Schools, Trustee, County Clerk, Clerk and Master, Register, and Sheriff

COFFEE COUNTY, TENNESSEE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2010

PART I, SUMMARY OF AUDITOR'S RESULTS

1. Our report on the aggregate discretely presented component units is qualified. Our report on the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information is unqualified.
2. The audit of the financial statements of Coffee County disclosed significant deficiencies in internal control. One of these deficiencies was considered to be a material weakness.
3. The audit disclosed no instances of noncompliance that were material to the financial statements.
4. The audit disclosed no significant deficiencies in internal control over major programs.
5. An unqualified opinion was issued on compliance for major programs.
6. The audit revealed no findings that are required to be reported under Section 510(a) of OMB Circular A-133.
7. The Child Nutrition Cluster: School Breakfast Program and National School Lunch Program (CFDA Nos. 10.553 and 10.555); the Title I Part A Cluster: Title I Grants to Local Educational Agencies and Title I Grants to Local Educational Agencies, Recovery Act (CFDA Nos. 84.010 and 84.389); the Special Education Cluster: Special Education – Grants to States, Special Education – Grants to States, Recovery Act, Special Education – Preschool Grants, and Special Education – Preschool Grants, Recovery Act (CFDA Nos. 84.027, 84.391, 84.173, and 84.392); and the State Fiscal Stabilization Cluster: State Fiscal Stabilization Fund – Education State Grants, Recovery Act and State Fiscal Stabilization Fund – Government Services, Recovery Act (CFDA Nos. 84.394 and 84.397) were determined to be major programs.
8. A \$300,000 threshold was used to distinguish between Type A and Type B federal programs.
9. Coffee County did not qualify as a low-risk auditee.

PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our examination, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. The written responses of the county mayor and director of schools are paraphrased in this report.

OFFICE OF COUNTY MAYOR

FINDING 10.01 COMPENSATION WAS PAID IN-LIEU-OF INSURANCE BENEFITS TO SOME EMPLOYEES (Noncompliance Under Government Auditing Standards)

It is the policy of the Coffee County Commission to provide single health insurance coverage for its employees. If employees desire family coverage, it is their responsibility to pay the additional cost above single coverage. In prior years, the County Commission approved paying additional compensation to employees who chose not to be covered under the county's plan and could show proof of coverage under another plan, such as a spouse's health insurance plan. The compensation paid to these employees is equal to 67 percent of the cost of single coverage provided to other county employees. The state attorney general has opined (Opinion 04-162) that "Counties do not have the authority to make a cash payment to an official or employee who elects not to participate in the county insurance plan." This deficiency exists because management failed to correct the finding noted in the prior-year audit report.

RECOMMENDATION

The county should not pay employees additional compensation to cover their insurance costs under another health plan.

MANAGEMENT'S RESPONSE – COUNTY MAYOR

According to the previous County Attorney Robert F. Hazard, the Coffee County Commissioners have not committed a crime by virtue of passing a budget that provides for payments in-lieu-of insurance. At this time, we are not aware of any statute that exists making this a criminal offense. By offering the opt-out benefit to eligible county employees, the county saves a substantial amount of taxpayer dollars towards health-care premiums. The opt-out benefit will be offered until such time that it is a crime or it is not economically feasible. The current County Attorney, Robert L. Huskey, concurs with this opinion and further states that case law and state statutes authorize counties to provide or assist in the providing of health insurance coverage for its official and employees. It is a win-win situation for the county which does not violate statutes and we find no reason for it to be discontinued.

AUDITOR'S REBUTTAL

The county's reliance on whether a criminal act has been committed does not have relevance to the point made by the state attorney general that counties do not have the authority to make a cash payment to an official or employee who elects not to participate in

the county insurance plan. As good intentioned the actions of the County Commission are, there is no statutory authority to do so.

OFFICE OF DIRECTOR OF SCHOOLS

FINDING 10.02 THE SCHOOL FEDERAL PROJECTS AND OTHER CAPITAL PROJECTS FUNDS REQUIRED MATERIAL AUDIT ADJUSTMENTS FOR PROPER FINANCIAL STATEMENT PRESENTATION

(Internal Control – Material Weakness Under Government Auditing Standards)

At June 30, 2010, certain general ledger account balances in the School Federal Projects and Other Capital Projects funds were not materially correct, and audit adjustments were required for the financial statements to be materially correct at year-end. Generally accepted accounting principles require the Coffee County School Department to have adequate internal controls over the maintenance of its accounting records. Material audit adjustments were required because the School Department's financial reporting system did not prevent, detect, or correct potential misstatements in the accounting records. It is a strong indicator of a material weakness in internal controls if the School Department has ineffective controls over the maintenance of its accounting records, which are used to prepare the financial statements, including the related notes to the financial statements. This deficiency is the result of management's failure to correct the finding noted in the prior-year audit report. We presented audit adjustments to management that they approved and posted to properly present the financial statements in this report.

RECOMMENDATION

The School Department should have appropriate processes in place to ensure that its general ledgers are materially correct.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS

We agree. Corrections were made before financial reports were submitted to the state Department of Education.

FINDING 10.03 THE OTHER CAPITAL PROJECTS FUND HAD A DEFICIT IN UNRESERVED FUND BALANCE AT JUNE 30, 2010

(Internal Control – Significant Deficiency Under Government Auditing Standards)

The Other Capital Projects Fund had a deficit in unreserved fund balance of \$363,773 at June 30, 2010. This deficit resulted from the unperformed portions of construction contracts of \$2,319,316 being reserved as encumbrances and from management's failure to recognize contracts payable totaling \$876,661 at June 30, 2010. An audit adjustment was accepted by management to properly reflect the fund in the financial statements of this report.

RECOMMENDATION

County officials should develop and implement a plan that would fund the above-noted deficit.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS

We agree. I set up a bond proceeds receivable; however, I was not aware that you could not set up a bond receivable.

FINDING 10.04 **TAX ANTICIPATION NOTES WERE NOT ISSUED IN COMPLIANCE WITH STATE STATUTES** (Noncompliance Under Government Auditing Standards)

During the year, the Other Capital Projects Fund loaned \$215,000 to the General Purpose School Fund to provide temporary operating funds without the approval of the state Comptroller's Office. Section 9-21-801, Tennessee Code Annotated, allows the County Commission to issue tax anticipation notes with the approval of the state Comptroller's Office. This deficiency is the result of management's failure to correct the finding noted in the prior-year audit report.

RECOMMENDATION

Tax anticipation notes should be approved by the state Comptroller's Office as required by state statute.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS

I had sent a letter to the mayor for signature and to be forwarded to the state Comptroller's Office for approval to borrow the \$215,000. After checking with the Mayor's Office, when I thought the approval should be back, I was informed that we could not borrow from capital projects without adequate documentation. I had already written the check to cover payroll because of a delay in BEP funds. Money was transferred back in two days as soon as BEP funds were received.

FINDING 10.05 **THE OFFICE HAD DEFICIENCIES IN COMPUTER SYSTEM BACKUP PROCEDURES** (Noncompliance Under Government Auditing Standards)

System backups were not regularly stored off-site. Section 10-7-121, Tennessee Code Annotated provides that records required to be retained by any government official may be maintained on a computer or removable storage media as long as certain standards are met. One of these standards requires that all data generated and stored within the computer system be copied to storage media daily, and media more than one week old be stored at an off-site location. This deficiency is the result of management's failure to

implement adequate disaster recovery planning procedures. In the event of a disaster, all backup data could be destroyed, resulting in costly delays in generating and recording information accounted for through the automated process.

RECOMMENDATION

Backups should be rotated off-site on a weekly basis. Some possibilities for an off-site storage location would be another county office building with a fireproof vault or a safe-deposit box at a local bank.

OTHER FINDING AND RECOMMENDATION

FINDING 10.06 **DUTIES WERE NOT SEGREGATED ADEQUATELY IN THE OFFICES OF COUNTY MAYOR, DIRECTOR OF SCHOOLS, TRUSTEE, COUNTY CLERK, CLERK AND MASTER, REGISTER, AND SHERIFF**
(Internal Control – Significant Deficiency Under Government Auditing Standards)

Duties were not segregated adequately among the officials and employees in the Offices of County Mayor, Director of Schools, Trustee, County Clerk, Clerk and Master, Register, and Sheriff. Officials and employees responsible for maintaining accounting records were also involved in receipting, depositing, and/or disbursing funds. Accounting standards provide that internal controls be designed to give reasonable assurance of the reliability of financial reporting and of the effectiveness and efficiency of operations. This lack of segregation of duties is the result of management's decisions based on the availability of financial resources and is a significant deficiency in internal controls that increases the risk of unauthorized transactions. Also, this finding exists because management failed to correct the finding noted in the prior-year audit report.

RECOMMENDATION

Officials should segregate duties to the extent possible using available resources.

MANAGEMENT'S RESPONSE – COUNTY MAYOR

Management has formulated a policy to segregate duties, which is now in place. The policy will be followed as part of the daily operations of the employees in the Office of the County Mayor.

BEST PRACTICES

The Division of County Audit strongly believes that the items noted below are best practices that should be adopted by the governing body as a means of significantly improving accountability and the quality of services provided to the citizens of Coffee County.

ITEM 1. COFFEE COUNTY SHOULD ADOPT A CENTRAL SYSTEM OF ACCOUNTING AND BUDGETING

Coffee County does not have a central system of accounting and budgeting. Sound business practices dictate that establishing a central system would significantly improve internal controls over the accounting and budgeting processes. The absence of a central system of accounting and budgeting has been a management decision by the County Commission, resulting in decentralization and some duplication of effort. We recommend the adoption of the County Financial Management System of 1981 or a private act, which would provide for a central system of accounting and budgeting covering all county departments.

ITEM 2. COFFEE COUNTY SHOULD ESTABLISH AN AUDIT COMMITTEE

Coffee County does not have an Audit Committee. An Audit Committee can assist the County Commission by providing independent and objective reviews of the financial reporting process, internal controls, the audit function, and being responsible for monitoring management's plans to address various risks. County officials should establish an Audit Committee as a best practice.

**PART III, FINDINGS AND QUESTIONED
COSTS FOR FEDERAL AWARDS**

There were no findings and questioned costs for federal awards.

COFFEE COUNTY, TENNESSEE
AUDITEE REPORTING RESPONSIBILITIES
For the Year Ended June 30, 2010

There were no audit findings relative to federal awards presented in the prior- or current-years' Schedules of Findings and Questioned Costs.
